

AP 4227 REPEATABLE COURSES

References:

Title 5 Sections 55040, 55041, 55253, and 56029

Pursuant to Title 5 Section 55041, the following types of courses may be designated as repeatable with a maximum enrollment of four times:

- Courses for which repetition is necessary to meet the major requirements of CSU or UC for completion of a bachelor's degree and which have been so designated by the Curriculum Advisory Committee;
- Intercollegiate athletics courses; and
- Intercollegiate academic or career and technical education competition courses.

This enrollment limitation applies even if the student receives a substandard grade or "W" during one or more of the enrollments in such a course.

The District must identify and designate such repeatable courses in its catalog.

Students can repeat a Disabled Services and Programs for Students (DSPS) subject-coded course any number of times when an individualized determination by the Director of DSPS or designee verifies that such repetition is required as a disability-related accommodation for the student for one of the reasons specified in Title 5 Section 56029.

A student may repeat a cooperative work experience program any number of times as long as the student does not exceed the limit on the number of units of Cooperative Work Experience set forth in Title 5 Section 55253(a); however, the grade received by the student each time will be included in calculations of the student's grade point average.

The District shall develop and implement a mechanism to allow it to properly monitor course repetition.
